

Reinsurance, Risk and HR Management

Delivering an on-demand marketplace that provides aptitude and skillset assessments services for client companies to determine an applicant's suitability during the candidate screening process.

Our client is one of the most successful global Reinsurance, Risk and Human Resources management institutions. Using the powerful Metavine platform, our client created an innovative digital marketplace to ease the delivery of products to the marketplace, improving the bottom line and increasing customer loyalty.

A foundation for value-based, strategic innovation

Leveraging IT to cost-effectively deliver new assessment services and expand market presence

OBJECTIVES

- Cost efficient delivery of assessment screening
